REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The subject matter of the independent claims could either not be found or was not suggested in the prior art of record. The subject matter not found was a retainer that has a proximal and distal end that includes abutment surfaces that engage the medical device and wherein the retainer further includes a pair of walls that are independent of the proximal and distal end and are capable of engaging the spline of the medical device. The examiner interpreted spline as broadly as possible and the definition he used for spline was a groove or slot that fits into a corresponding structure to enable or prevent rotating.

The independent claims also include other patentable subject matter in combination with the other elements or steps of the claim not mention in the above paragraph.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MATTHEW F. DESANTO whose telephone number is (571)272-4957. The examiner can normally be reached on Monday-Friday 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nick LUCCHESI can be reached on (571) 272-4977. The fax phone
